About Us

Juki Centre was created to be a minority firm with the experience, leadership, people, methodologies and strategy to serve clients in certain targeted markets. The founders had diverse industry, technical, and management expertise developed international firms - but even more, they had a common desire to build a firm dedicated to delivering quality and value for fees to our clients. We believed there was an opportunity for a minority firm with diverse people and a diverse client base that was committed to quality work, outstanding client service and a commitment to developing and investing in its people as was instilled in us firm roots. Our principles on which the firm was founded and which all of our people are guided by has resulted in a diverse client base from start-ups to major corporations, and our ability to attract highly talented people. We are committed to these principles continuing to guide our success.

Juki Centre was built on principles of hiring the best people, investing in their development, establishing methodologies in all we do to ensure quality, serving those areas of our expertise, providing value to our clients by serving their needs and assisting them to achieve their goals, actively participating in the industries we serve, and only accepting the best in all we do. Among the much strength that distinguishes we in the marketplace are our:

- Proven and experienced management team
- Extensive expertise in providing assurance and financial consulting and business advisory services
- Quality work and outstanding client service
- Commitment to the long-term development of our employees

To provide outstanding client service using industry and business knowledge to effectively and creatively meet clients' needs. To build long term relationship with our customers and clients and provide exceptional customer services by pursuing business through innovation and technology.

To be a multicultural firm where our team helps our clients succeed, where our talented professionals have outstanding career opportunities, and where we maintain our reputation as an outstanding firm and market leader. To be the ultimate solution provider in sewing machine industry in Sri Lanka and beyond border controls and to provide quality services that exceeds the expectations of our esteemed customers.
